1. Select the assets to be sold to generate money for the payment. The sale of selected investments will trigger 10 working days prior to the payment due date.
2. Click **Next**.

1. This must total 100%. If you choose a model portfolio, the platform will disinvest proportionately across the funds. If you select discretionary managed assets, DM Product Cash will be used to fund the payment. The DM will need to make sure there is enough cash available 5 working days before the payment due date.

# Step 4. Review and submit

## What you will see

1. Review the information you have entered.

2. Click **Submit**.

## What you will need to do

1. Review the information you have entered.
2. Click **Submit**.

## Notes

1. You can click **Back** to go through the steps to make any changes.

## Bank verification

If we have been unable to verify the bank account details for any reason, you can send us one of the following documents so that we can confirm these details:

- **Original/certified copy of the client's current bank account statement** (including online accounts) – dated within six months and containing client name, sort code, account number.
- **Personal cheque for the investment.**
- **Voided personal cheque** – stating account name, sort code, account number.
- **Letter from the branch manager** – on headed paper, listing account name, sort code, account number, branch address.
- **Pre-printed paying-in slip from client's bank account** – containing the client name, sort code, account number.
- **Certified copy of passbook** – showing transactions made in last 12 months and containing client name, sort code, account number.

## Helpful hints

Payments are made using the BACS payment system.

Payments can be made between 1st and 28th of each month.

If the payment date is a non-business day, payment will be made on the last business day before the payment due date.
